Smart Economic Planning and Industrial Policy (SEPIP) 2025 Conference

We are pleased to inform you that the **Smart Economic Planning and Industrial Policy (SEPIP 2025)** International Conference will be hosted by **OSTİM Technical University in collaboration with the University of Nevada**, on October 14–15, 2025. We cordially invite your institution and academic community to participate in this significant academic event.

The main theme of SEPIP 2025 is:

“Industrial Policy, Trade Wars and Economic Development in the Era of Technological, Geopolitical and Environmental Change.”

The conference will address a wide range of topics under the following sub-themes:

- Industrial Policy in the Age of Digitalization and Green Transformation
- Trade Wars, Global Competition, and Economic Rebalancing
- Regional Development, Innovation, and the Future of Industry
- SMEs, Technology Transfer, and Sustainable Manufacturing
- Economic Planning and the Vision of Industry 5.0

SEPIP 2025 will be held in a hybrid format (both online and in-person), featuring keynote speeches, panel discussions, and academic paper presentations. It aims to bring together scholars, policymakers, and industry professionals from diverse disciplines and countries.

Detailed information and the abstract submission portal are available at:

☞ www.sepip.org

☞ sepip2025.ostimteknik.edu.tr

The abstract submission deadline is September 10, 2025.

We would be honored to welcome your university’s faculty members and researchers to **SEPIP 2025, co-hosted by OSTİM Technical University and the University of Nevada**. We kindly ask for your support in sharing this announcement with the relevant departments and academic networks within your institution.

For inquiries and collaboration proposals, please contact us at:

sepip2025@ostimteknik.edu.tr

Sincerely,

SEPIP 2025 Organizing Committee

OSTİM Technical University
